Research Needs Survey

Urban Pest Management

Pi Chi Omega is a national honorary fraternity for pest management professionals that supports scholarship. To guide university scientists and industry research, please offer your suggestion(s) on the data or experimental results that you need now to solve your worst or most challenging pest problems. Thanks for your input - please return this form to the person who gave it to you or mail it to Vern Toblan, Pi Chi Omega Executive Secretary (PO Box 8194, Wilmington, DE 19803).

Please answer the following question:

What research or scientific data is most needed by you to better manage pests that you encounter?

Thanks for you research suggestions and ideas!
